### **DETAILED ACTION**

1. Claims 1-52 have been examined. Claims 1-25, 35, 43, 44, and 48-52 have been canceled. Claims 26-34, 36-42, and 45-47 have been amended. Claims 26-34, 36-42, and 45-47 are pending.

### ***Allowable Subject Matter***

2. Claim 26-34, 36-42, and 45-47 are allowed.

3. The following is an examiner's statement of reasons for allowance: a completed search of the available patent literature and non-patent literature has been conducted by the Examiner and none of the cited references either fairly suggest or disclose individually or in combination a method and router for controlling traffic on a data network, wherein propagation of peer-to-peer (P2P) traffic is limited by reading portions of a payload from a first communication session, using a signature in the payload portion to distinguish P2P traffic, storing signaling data associated with payload, comparing a second session signaling data to the stored signaling data to determine the second signaling as P2P traffic and to further limit the P2P without limiting other traffic.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2474
